

St Mary's CE Primary -Sports Premium Funding 2015-16

Sports premium funding is money that is allocated to schools each year to promote , develop and improve sport for the pupils with the school. This year we have been allocated £8505 pounds to spend on our pupils and the next slide breaks down where this money has been spent.

Buying into locality sports package (£2520)

Development of PE planning & development by PE Leader (£2021)

CPD Opportunities for staff (Netball, Boccia, PE Leader - cost of cover expected to be £600)

Purchasing of new curriculum resources (£1100)

Introducing new sports to school (Archery & Table Tennis - cost £300)

Increasing pupil involvement in school sport (£175)

Implement and training new Sports Leaders (£150)

Online digital subscription to fitness website for whole school exercise plan (£199)

Swimming Top Up (£100)

Purchasing of new kit to promote sport (£300)

Funding Sporting Reward Trip (£200)

Annual Sportsperson Trophies (£100)

Developing Assessment and impact measures (£740)

Impact of Sports Premium:

- We have increased attendance in school sport, enabling us to enter 3 'B' teams so far this year.
- A new Archery club before school has enabled us to get 6% of children into sport at school who have otherwise not attended clubs.
- 54% of all our Key Stage 1&2 children have already represented the school on at least one occasion and 36% of these children have represented the school multiple times.
- 68% of children in Key Stage 2 have represented the school in at least one occasion - 100% of these children have represented 2+ times.
- The purchase of 'Jump Start Jonny' has promoted healthy starts to the day with teachers across the school using a short fitness routine to wake the brain and get children active before lesson time (start of the day and after lunch).
- Currently we are supporting 4% of the children in our school with additional after school sports clubs (funding) in Archery and Karate - these children would not otherwise be able to attend these clubs.
- We have introduced two new sports to our list of sports offered (Golf and Archery)
- We now provide a 33% increase in early morning sports clubs
- Key Stage 1 now have a sporting club offered every term of the school year to promote early entry into school sport, with on average 25% of the Key Stage attending.
- Key Stage 2 still have at least three clubs on offer each term of the school year.
- Our netball teachers now have received additional training and this enabled them to increase club numbers and bring in children from younger years, opening up the club more. In the future this will enable our team to be more experienced and successful.
- During local Level 2 school sports competitions we are on average 4th or 5th out of 9 schools, an increase from previous years where we scored much lower.

How we will make this sustainable:

- We are investing in staff training to enable us to skill up our teachers, who will deliver school sport.
- We have purchased additional sporting equipment to enable the children to carry out a wide range of school sport.
- We 'Buy In' to a local secondary school package who organises and provides curriculum support to develop our teachers and develops sporting opportunities.
- We are working with a local sport provider who is offering curriculum development opportunities in new sports such as archery.
- We are building a 'passion' for sport and are talking about sporting achievements each week and getting the children interested in sport.
- Sports Leaders are setting up sports opportunities at lunch times and building regular opportunities to compete in level 1 competitions.
- The children are helping to lead the delivery and management of some aspects of school sport.
