

Autumn and Harvest

Home Learning Challenge

Over the last two weeks we have been learning about 'Autumn' and 'Harvest'. We have been on an autumn walk and talked about all the changes we can see around us. We collected a bag of natural resources and created our own collages. This week we harvested the apples from our Environmental Area and then had lots of fun taking part in apple related activities. We have also shared the story 'The Little Red Hen'. We discussed how flour is made and then made our own bread rolls.

If you have time during half-term, you may like to have a go at these activities overleaf. We would love to see what you have been up to by sharing any work, photo, videos etc...

You can upload onto Tapestry, via Class Dojo or bring photos via book bags. We can then add them to our Wow Wall.

We hope you all have a fun and restful half term break.

Activity Ideas

We have been learning how to create our own repeating patterns. Can you create your own pattern at home?

Can you collect some autumn leaves during a walk? Can you sort them into colours? Can you sort them by size? Can you sort them by shape?

With the help of a grown-up can you carve a pumpkin in a design of your choice?

Can you create your own collage using natural objects like we did with Leaf Man?

Can you go on an Autumn walk? How do you know it is Autumn? Can you name any trees you saw? What colours did you see on your walk?

Can you make a bird feeder using a pine cone to help feed the birds in your garden?

Can you bake something using flour like the Little Red Hen did in the story?

Here are just a few ideas for you. You may have your own more creative ones!
